AMIR GAD

DEVELOPER & DESIGNER

WANGZIGAD.SPACE | WANGZIGAD@GMAIL.COM | LINKEDIN | ARTSTATION

I bring a unique blend of expertise as a Developer, Designer, Visualizer, and Curriculum Specialist. With a strong foundation as an IT Engineer and Certified Designer, I seamlessly combine technical precision with artistic creativity to produce digital art and web experiences that are both visually striking and highly functional.

I have a proven track record of managing complex, deadline-driven projects with meticulous attention to detail. I am now seeking opportunities in Design, Web Design, 2D/3D Design, Rendering, Curriculum Development, Project Management, Team Leadership, and Art Direction—where I can continue to innovate, elevate creative standards, and deliver exceptional results.

SKILLS AND ABILITIES

Experienced in full-stack web design and development, including front-end and back-end architecture. Skilled in IT infrastructure setup and management, with expertise in MySQL databases and server administration. Proficient in developing and managing e-commerce platforms and executing targeted e-marketing campaigns.

COMPUTER & NETWORKING SKILLS:

Excellent in using, troubleshooting, and developing across multiple platforms and software suites, including Microsoft Office (Word, Access, Excel, PowerPoint, Visio) for architectural design, educational content, and management presentations. Skilled in deploying and maintaining various versions of MS Windows and Linux for diverse environments such as information kiosks, schools, community labs, and corporate systems. Very good understanding of networking and data center operations, including data management, protection, backup, and synchronization.

CREATIVE & TECHNICAL TOOLS

Skilled in graphic creation, social media content, and presentations using Canva. Proficient in Adobe Suite: Photoshop, Illustrator, Dreamweaver, and InDesign. Experienced in 3D modeling and rendering with 3Ds Max, SketchUp, VRay, Corona, Lumion, and Twinmotion. Capable of video editing and motion graphics using Wondershare Filmora, CapCut, and Camtasia.

WEBDESIGN AND DEVELOPMENT

Proficient in HTML, CSS, PHP, and MySQL. Experienced with CMS platforms including WordPress (custom coding, database management, queries, PHP snippets), WooCommerce, and OpenCart. Skilled in data analysis and visualization, attendance and KPI system design, dynamic charts and tables, business database development, and comprehensive report generation.

Education

Bachelor | IT. Communications & Administration @ Higher Ins. For Advanced Studies
Cairo University | 1998-2002

Computer Maintenance and Technical Support Diploma.
Cairo University | 2002-2003

Courses and Certificates
MS Innovative Educator (MIE).
Office 365 Teacher Academy.
Microsoft 365 Fundamentals
Microsoft Dynamics 365 Fundamentals (CRM).
Diploma in Interior Design.

Objectives

To collaborate on bold, cross-disciplinary projects that challenge convention and deliver meaningful impact. I blend creativity with practicality to craft design solutions that work beautifully across digital, physical, and educational spaces. Passionate about leadership, I guide creative direction, foster teamwork, and ensure seamless execution. I'm committed to delivering well-documented, high-quality results that align with client expectations. Every project reflects my dedication to clarity, vision, and excellence.

EXPERIENCE (2009 - 2025)

IT Manager and Developer @ Smart Island University `2023-Present`

Website development, design, web applications, forms, PHP Coding and Snippets, MySQL databases, excel development, digital marketing design, planning for social media, data analysis & technical support.

IT Manager & Developer @ Global Investors, EG. `2020-2023`

Led and developed digital solutions including business websites and applications for online auctions and real estate. Built a custom HR management system/app and executed e-marketing strategies with SEO optimization for real estate content. Delivered 3D renderings, branding assets, and both interactive and print presentations. Provided ongoing technical support and PC maintenance across departments.

Developer & 3D Exhibition Designer @ Media Point `2018-2020`

I worked at an advertising firm specializing in home decoration events. Designed and developed a fully functional e-commerce platform and a professional business website integrated with a multi-branch retail system for garments and curtains. Delivered 3D booth designs and high-quality renderings for exhibition displays, overseeing full project execution—from concept to on-site installation—with rigorous quality control to ensure design fidelity and material standards. Continued collaboration with the company on a task-based basis.

ICT Instructor & IT Manager @ HS-College Independent Preparatory Academy. Shenzhen, China `2016-2018`

Curriculum Development: Designed and implemented interactive courses, utilizing diverse applications to create engaging presentations and assessments.
Digital Solutions & IT Management: Developed digital application forms and oversaw the IT department to ensure smooth academic and administrative operations.
Teaching: Delivered IGCSE ICT courses, guiding students and preparing them for exams essential for immigration and international study opportunities.

Manager of IT and Digital Learning @ TEXSiA, Shenzhen `2012-2016`

Developed curricula and designed materials aligned with McGraw Hill and Pearson for students aged 9–15. Built a locally hosted education system for 11 classrooms and managed the IT department. Designed comic books, Designed and led interior design for the academy's lobby, classrooms, outdoor walls, entrance, and overall branding.

Visualizer & Interior Designer @ SINOSUN & PAIZA, China `2009-2012`

Sinosun Visualization Dept. & Paiza-Living for Interior and Furnishing. Contributed to 3D interior design, furnishing, and decoration; exterior and landscape visualization; and interactive presentations and print materials.
